

BUSINESS SETUP PACKAGES FOR NEW AND REBRANDING COMPANIES IN SAUDI ARABIA

You have the CR. Now you need a logo, a profile, a website, letterheads, social accounts and someone to keep them running. One monthly fee covers it.

Setup is done in the first month(s); the same monthly fee then covers ongoing management. No setup fee. 6-month minimum, then month-to-month.

HOW THE PACKAGES WORK

01

Month one: setup

Identity, documents, website and accounts are built first. The website is delivered in 4–6 weeks.

02

Then: every month

The same fee continues for social content, management and, on higher tiers, Google, ads and SEO.

03

Billed separately

Domain and hosting are billed annually. Ad spend on Meta or Google is paid by you, directly.

HOW TO START

Choose a package on this page, or send a short message on WhatsApp. We confirm the scope in writing, agree the start date, and the setup begins in month one.

NEED JUST ONE SERVICE?

If you only need a logo, a company profile or a website, we quote it on its own.
